

Welcome to Windows XP

A desktop simulation built with React, Vite and CSS.

What you can do here

Windows can be dragged by the title bar, resized from any edge, maximized with a double-click and minimized to the taskbar. Everything is keyboard reachable: focus a title bar and use the arrow keys to move it, or Ctrl + arrows to resize.

Play Minesweeper

Full game logic: flags, chording, timer and saved best times.

Paint something

Pencil, brush, shapes, eyedropper, undo and PNG export.

Open a command prompt

dir, cd, tree, type, ping, tasklist, start...

Write a note

Word wrap, font sizes and real .txt saving.

Browse My Computer

A virtual C: drive with four view modes.

Change the look

Swap the wallpaper or switch to Olive Green or Silver.
