STEP 1 OF 5

Square sheet, colour down

Place the square with the coloured side facing the table. Fold it in half right to left, press the crease, then open it flat again.

Tip · Line up the corners before you flatten anything — accuracy at step 1 pays off at every later step.

1 Square sheet, colour down

Place the square with the coloured side facing the table. Fold it in half right to left...

2 Corners to the centre

3 Long edges in

4 Fold in half backwards

5 Open the wings

6 Ready for flight
